FULLY CONNECTED, NO MATTER HOW

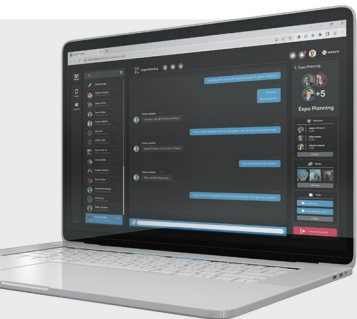

Communicate Across the Platform

weavix™ builds an agile, efficient workforce anywhere you do business. As a digital communication platform, weavix™ is designed to connect every worker from the front desk to the security team to maintenance crews, no matter where they work.

MOBILE APP

Take weavix™ On-the-Go

Available on Android and IOS, the weavix™ mobile app lets you take the power of weavix™ with you wherever you go. We've made it convenient to collaborate with your staff from anywhere using any mobile device.

WEB CONSOLE

Collaborate from your Office

weavix™ bridges the gap between the deskless and deskbound workforces for collaboration that pushes your enterprise farther. Using the web radio console management can work alongside maintenance crews or security staff from the comfort of their own office.

EMPLOYEE SAFETY AT THE FOREFRONT

PANIC BUTTON

Help is One Push Away

What happens when the job goes from ordinary to life-threatening? Every walt™ smart radio has a dedicated panic alert button to notify appropriate personnel of an emergency and the GPS location for immediate response.

With weavix™, you can tailor your response plans to what works best for your workplace, the situation and your safety policies and procedures. Your employees can work confidently knowing their safety is the top priority.

Targeted & Mass Alerts

THE RIGHT MESSAGE TO THE RIGHT PEOPLE EVERY TIME

Trust weavix™ to deliver key safety and business-critical information right when your employees need it. With our three-tiered approach, weavix™ lets you target and send mass alerts across your workplace or in specific areas for various reasons: informational, warning and danger.

TIER 1

Informational

Send general, non-emergency information to keep your staff on the same page of what's happening in your workplace.

E.g. Maintenance,
Construction Closures

TIER 2

Warning

Notify employees of impending dangers. Your staff can stay on high alert and prepared to respond to keep themselves and your guests safe.

E.g. Severe Weather
Warning, Cancellations

TIER 3

Danger

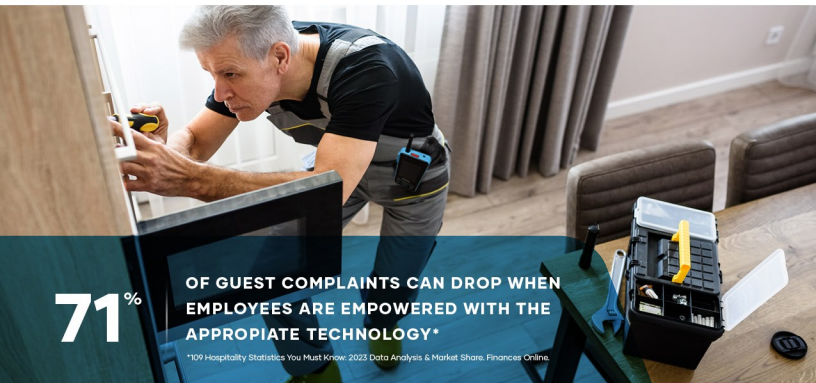

Alert your employees of immediate dangers happening in the buildings and the best way to respond and seek safety for themselves and guests.

E.g. Fire, Security Threats,
Lockdowns

AN UNMATCHED GUEST EXPERIENCE

Smart Radios Enable Operational and Collaborative Excellence

Creating an unforgettable experience for every patron involves prioritizing communication and connectivity with your whole staff. weavix™ is the link connecting your people, teams, operations and more so you can develop new ways to keep employees safe and empowered.

Real-Time Visibility

See your workplace in action as it's actually happening. weavix™ gives you an accurate view of your whole staff so you can see how your workplace operates and identify improvement areas. By organizing your staff by teams, roles and responsibilities and analyzing their activities and movements throughout your space, weavix™ simplifies staff oversight.

- ✔ **Real-time employee information**
- ✔ **Verify time, location and activities**
- ✔ **Impartially analyze operations**

Historic Analysis

Have the power to review and optimize your operations confidently. weavix™ provides historic data for you to further analyze and improve your staff's responses to activities in your workplace. This powerful analytics tool helps develop new emergency response procedures and performance workflows to streamline your operations. Review location, activity and time usage data to maximize revenue and efficiency within your workplace.

- ✔ **Develop updated emergency response plans**
- ✔ **Perform accurate incident investigation**
- ✔ **Increase revenue by reviewing operational trends**
- ✔ **Measure ongoing performance with guest expectations**

NETWORK FREEDOM

Connect Your Workplace Your Way

weavix™ gives you the freedom to choose the network option that best suits your needs. Our platform operates seamlessly across all major networking options to provide the hospitality industry with a reliable and secure communication and productivity ecosystem. Whether you want to keep your existing network or you're ready for an upgrade, weavix™ is guaranteed to work for you.

PRIVATE CELLULAR

weavix™ can design, deploy and manage your very own private cellular network. Our solution is designed to maximize uptime and keep your staff connected anywhere on your campus 24/7. Private cellular offers more benefits that other network options can't, such as:

- **Advanced Security**
- **Lower Costs**
- **Higher User Density**
- **Customizable Coverage**

WI-FI

Use your existing WI-FI to give your staff more opportunities without a system overhaul.

PUBLIC LTE

The same carriers powering your personal phones can be used to power our walt™ smart radio for every staff member.
