UNLOCKING FRONTLINE POTENTIAL

Transform with Communication and Data-Driven Excellence at Scale

Industrial enterprises rely on dependable and secure communications with their workers and employees to maximize safe and efficient outputs. With limitless communication capabilities, built-in safety features and unprecedented workplace visibility, weavix™ is inspiring a new way for industrial companies to drive peak performance and optimal returns.

Closing the Last Mile From the Field to the Office

What is weavix™

weavix™, the Internet of Workers™ platform, brings communications and productivity together to unlock the hidden opportunities and true value of the frontline workforce. It equips the frontline worker with the right digital tools and capabilities that enterprise needs to drive scalable, long-term success. weavix™ provides a single platform for industrial enterprises to manage all employees, contractors and communications.

- ✓ **Increase Communication**
- ✓ **Enhance Safety**
- ✓ **Boost Productivity**

A COMMUNICATION & PRODUCTIVITY ECOSYSTEM

Paving the Way for Advanced Workforce Efficiency

weavix™ allows corporations to realize the full potential of their workforce. Out in the field or in the office, weavix™ brings every worker together in a single communication and productivity platform to enhance every aspect of your enterprise.

UNITE YOUR WORKFORCE

weavix™ offers the most advanced communication capabilities. Bring your field workers, contractors and office teams together in one comprehensive platform.

ADVANCE SAFETY INITIATIVES

Starting with communication, weavix™ unveils opportunities to digitally enhance safety initiatives and reinforce your current practices in the facility.

INCREASE PRODUCTIVITY

The Internet of Workers™ uses advanced smart radios to connect your workforce and provide accurate worker insights for optimization of your frontline.

MORE WAYS TO WORK TOGETHER

Push-to-Three Collaboration

Drive on-site communication, safety & productivity to transform the frontline workforce like never before.

Moving beyond basic push-to-talk, weavix™ makes both picture and video messaging available at the push of a button. Push-to-Talk, Push-to-Picture and Push-to-Video come together for the next gen of field communication: Push-to-Three Collaboration.

Talk
Send crisp & clear voice messages at the push of a button.

Picture
Snap, send & receive images for quick visualization.

Video
Easily collaborate face-to-face, even when you're not.

THE NEXT GEN OF FRONTLINE COMMUNICATION

We Have Every Worker Covered

MICROSOFT TEAMS® INTEGRATION
Get the frontline and the office on the same video and audio calls to fully outfit an entire connected workforce by integrating with Microsoft Teams®.
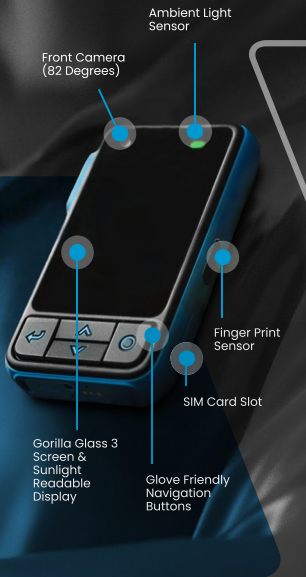

GLOBAL ACTIVE DIRECTORY
All your field crews, contractors and office teams available in one platform. Search, invite and connect with all weavix™ users to streamline collaboration.

LANGUAGE TRANSLATION
Overcome communication barriers throughout your enterprise. weavix™ translates between all major language to create a collaborative workplace for every worker.

Communicate Across the Platform

weavix™ builds an agile, efficient workforce anywhere you do business. As a digital communication platform, weavix™ is designed to connect every worker from employee to contractor to office staff, no matter where they work.
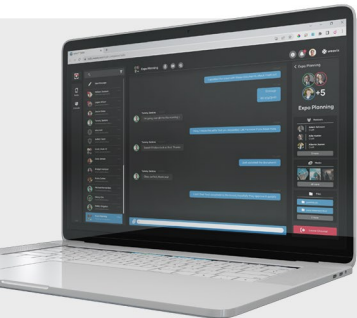

MOBILE APP

Take weavix™ On-the-Go

Available on Android and IOS, the weavix™ mobile app lets you take the power of weavix™ with you wherever you go. We've made it convenient to collaborate with your frontline from anywhere using any mobile device.

WEB CONSOLE

Collaborate from your Office

weavix™ bridges the gap between the deskless and deskbound workforces for collaboration that pushes your enterprise farther. Using the web radio console you can work alongside your frontline crews as you normally would, just from the comfort of your office.

MAN DOWN BUTTON

Help is Just a Push Away

Workers are put in a variety of situations throughout their shift, but what happens when ordinary becomes life-threatening? Every walt™ has a dedicated man-down button that notifies the appropiate personnel, on and off site. Customizable to the enterprise, this button sends not only the alert, but an exact GPS location of the walt™ to enable expedited emergency response.

Targeted & Mass Alerts

REACH THE RIGHT PERSON, WITH THE RIGHT MESSAGE

Trust weavix™ to deliver all your safety and business-critical messages instantly. Using our three-tiered approach, target and send general, non-emergency notifications, warnings or emergency danger alerts to your workers instantly across your facility or a specified area.

TIER 1
Informational

Send general, non-emergency information to every worker all at once. Keep everyone on the same page of what's happening in your facility.

E.g. Road Work, Building Closures

TIER 2
Warning

For impending dangers, target and notify the workers in the possible affected areas to be on alert and prepared to respond when needed.

E.g. Severe Weather Warning, Cancellations

TIER 3
Danger

Alert workers of immediate dangers happening in the facility and provide the safety protocols for effective response and evacuation to muster.

E.g. Fire, Security Threats, Lockdowns

Smart Radios Enable Workforce Productivity

weavix™ is your single source of truth to what's happening throughout your enterprise. Instead of asking who's on-site, where and why, weavix™ answers with unmatched visibility and provides the data-driven insights to continuously optimize your workforce.

92%

OF EMPLOYEES SAY HAVING TECHNOLOGY THAT HELPS THEM DO THEIR JOB EFFICIENTLY AFFECTS THEIR WORK SATISFACTION*

THE FIELD AT YOUR FINGERTIPS

Unrivaled Business Intelligence

When every worker has a device, you now have a bird's eye view of your workforce. Measure ongoing safety and productivity endeavors digitally. weavix™ makes previously unattainable frontline data accessible for aggressive analysis. Dive into your data and visualize your ongoing efforts for both safety and efficiency with accurate reporting by weavix™.

- **Manage & validate worker time**
- **Monitor productivity by company, craft or individual**
- **Discover outliers for optimization**
- **Track total man hours over a date and time range**
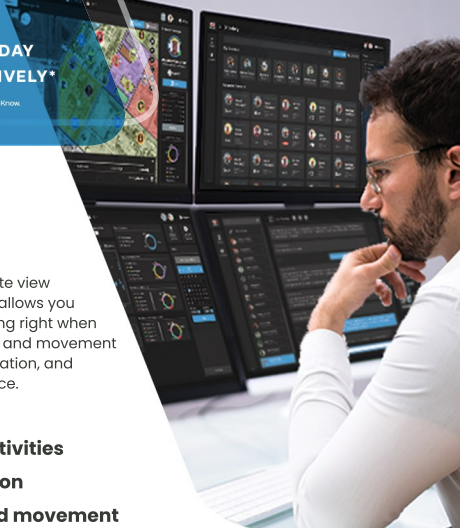

Real-Time Visibility

See your facility in action. With an accurate view of every worker in your facilities, weavix™ allows you to understand what your workforce is doing right when it's happening. Access live worker activity and movement data, organize by craft, company and location, and effectively manage your frontline workforce.

- ✓ **Verify time, location and activities**
- ✓ **Provide real-time information**
- ✓ **Monitor on-site location and movement**

Historic Analysis

Analyze and optimize how your enterprise works. weavix™ provides historic data of your frontline workers, allowing you to recall individualized locations, actions, time usage and more for further analysis. Review these insights to empower and upskill your workforce and maximize operational efficiency enterprise-wide.

- ✓ **Measure productivity potential**
- ✓ **Perform accurate incident investigation**
- ✓ **Identify trends and predictive outcomes**

NETWORK FREEDOM

Connect Your Facilites Your Way

weavix™ gives you the freedom to choose the network option that best suits your needs. Our platform operates seamlessly across all major networking options to provide airports and aviation with a reliable and secure communication and productivity ecosystem. Whether you want to keep your existing network or you're ready for an upgrade, weavix™ is guaranteed to work for you.

PRIVATE CELLULAR

Using a weavix™ deployed private cellular network, keep your workers connected 24/7 from anywhere in your facility and downtime to a minimum with multiple redundancies, all covered under an SLA. Private cellular provides benefits that no other network can such as:

○ **Advanced Security** ○ **Lower Costs** ○ **Higher User Density** ○ **Customizable Coverage**

WI-FI

Use your current WI-FI network to extend collaboration and productivity out to the field.

PUBLIC LTE

Power your walt™ Smart Radios with the same reliability you get from a public carrier.

ANALOG

Using Radio over IP (RoIP), weavix™ provides digital collaboration abilities, even on a LMR system while you transition to digtial.

Revolutionizing the Future of Industrial Work

weavix™ is uniquely designed for the frontline workforce. If your employees and workers did not have the proper training, oversight and solutions available to complete their work, production would go unfinished or not meet the standards your enterprise accepts. Workers are vital to keep industrial facilities running efficiently and giving them the freedom to communicate leads to a higher likelihood of hitting major milestones safely, on time and within budget.

weavix™ engages your employees and empowers them to do their job at peak performance. Putting communication and productivity into a single platform has contributed to seamless collaboration, improved safety and enhanced operations for industrial enterprises across the world. weavix™ supports frontline employees in industrial roles with innovative digital tools and capabilities built to overcome their unique challenges and ensure production continuously runs smoothly.
