# Communicate Across the Platform

weavix™ builds an agile, efficient workforce anywhere you do business. As a digital communication platform, weavix™ is designed to connect every worker from frontline worker to office employee, no matter where they are during their workday.

## MOBILE APP

# Take weavix™ On-the-Go

Available on Android and IOS, the weavix™ mobile app lets you take the power of weavix™ with you wherever you go. We've made it convenient to collaborate with your frontline from anywhere using any mobile device.

## WEB CONSOLE

# Collaborate from your Office

weavix™ bridges the gap between the deskless and deskbound workforces for collaboration that pushes your enterprise farther. Using the weavix web radio console or our integration with Microsoft Teams® you can work alongside your frontline employees as you normally would, just from the comfort of your office.
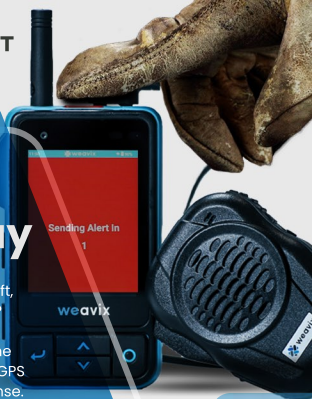

## MAN DOWN BUTTON

# Help is One Push Away

Workers are put in a variety of situations throughout their shift, but what happens when ordinary becomes life-threatening? Every walt™ has a dedicated man-down button that notifies the appropiate personnel, on and off site. Customizable to the enterprise, this button sends not only the alert, but an exact GPS location of the walt™ to enable expedited emergency response.

# Targeted & Mass Alerts

## THE RIGHT MESSAGE TO THE RIGHT PEOPLE EVERY TIME

Trust weavix™ to deliver all your safety and business-critical messages instantly. Using our three-tiered approach, target and send general, non-emergency notifications, warnings or emergency danger alerts to your workers instantly across your facility or a specified area.

### TIER 1
### Informational

Send general, non-emergency information to every worker all at once. Keep everyone on the same page of what's happening in your facility.

**E.g. Road Work, Building Closures**

### TIER 2
### Warning

For impending dangers, target and notify the workers in the possible affected areas to be on alert and prepared to respond when needed.

**E.g. Severe Weather Warning, Cancellations**

### TIER 3
### Danger

Alert workers of immediate dangers happening in the facility and provide the safety protocols for effective response and evacuation to muster.

**E.g. Fire, Security Threats, Lockdowns**

# Smart Radios Enable Workforce Productivity

weavix™ is your single source of truth to what's happening throughout your enterprise. Instead of asking who's on-site, where and why, weavix™ answers with unmatched visibility and provides the data-driven insights to continuously optimize your workforce.
